Way Beyond Myself

Newsboys

I've been thinking it's about time
To win the war that fights against all the lies invading my mind
You have brought me to my senses
Even though You built this world to shake
You still love me in a personal way
So I think it's time to leave my doubt behindThere's so much more than meets the eye
Or what's going on inside
I believe in something way beyond myself
Like the wind that moves the leaves
Lord, You move me to my knees
Giving into something way beyond myself
I'm giving into something way beyond myselfOh the way we build our empires hoping to impress our friends
We've forgotten how to inspire those who fall to rise again
Oh my God, You've built this world to shake
You still love me in a personal way
So I think it's time to leave my doubt behindThere's so much more than meets the eye
Or what's going on inside
I believe in something way beyond myself
Like the wind that moves the leaves
Lord, You move me to my knees
Giving into something way beyond myself
I'm giving into something way beyond myselfStorms are gonna come my way, I know
Some things are out of our control but there's a hope beyond myself
It's You and You will never let me go
Now I want my life to show
You got me thinking beyond myself
Way beyond myself
Yeah!There's so much more than meets the eye
Or what's going on inside
I believe in something way beyond myself
Like the wind that moves the leaves
Lord, You move me to my knees
Giving into something way beyond myselfThere's so much more than meets the eye
Or what's going on inside
I'm giving into something way beyond myself
Like the wind that moves the leaves
Lord, You move me to my knees
Giving into something way beyond myselfThere's so much more than meets the eye
Or what's going on inside

I'm giving into something way beyond myself
Like the wind that moves the leaves
Lord, You move me to my knees
