Lonesome

Chris Barber & Monty Sunshine

Well I'm here, but I don't want to stay
'Cause you're not around and I'm feeling lonely
The same old episode for me, heading for catastrophe
And I can see that it's
Association with the past, so think about it
It's like a tie that did not last
Don't move so fast and don't run, 'cause you might find out
Find out I'm the one and I still feel lonesome
Well nothing's changed, it just gets rearranged
When you come around, so now what's your story
Well you were never there for me
So I'm going out to see 'cause I can see that it's
Association with the past, so think about it
It's like a tie that did not last
Don't move so fast and don't run, 'cause you might find out
Find out I'm the one and I still feel lonesome
Go, go
Oh yeah
And now you're here, but I don't want to stay
'Cause you weren't around and now you say you're sorry
And nothing's changed, it's just been rearranged
So stay down, just stay down
Association with the past, so think about it
It's like a tie that did not last
Don't move so fast and don't run, 'cause you might find out
Find out that I'm the one and I still feel lonesome
Well I'm still lonesome, oh yeah
Well I'm still lonesome
