See Me

DVA Damas

Ooh, ooh
With the moon and the sun in his eyes
He's arriving
And I don't know what I'd do without him
I got life suddenly
See, see me
I've got nothing to hide
See me
I've got nothing to hide
See me
I'm leaving my heart in the palm of his hand
So gently
I know he knows that I love him
Though I've never said, is there an easy way?
See, see me
I've got nothing to hide
See me
I've got nothing to hide
See me
Coming home
I'm coming home
It feels like I'm coming home
Coming home
I'm coming home
See, see me
I've got nothing to hide
See me
I've got nothing to hide
See, see me
