Varsity Fanclub

Guitar, Guitar x3
Jayk:
If we hit every note,
This love could be something we wrote.
If it could be, be a hit song
Instead of flying solo without my guitar.
Bobby:
And I'm feeling out of tune now
Baby, I'm off track.
And I think I need your melody,
'Cause I can't get mine back.
All:
There's only one girl, one girl
Who can play all the strings of my heart
Like a guitar.
And you are my world, my world
You can feel the beat of my heart.
Just like a guitar.
David:
Like a guitar, baby.
Just like a guitar, baby.
Like a guitar, baby.
Like a guitar, tar, tar, tar...
Drew:
If I'm moving to slow,
Baby, please speed up my tempo.
Got you stuck, stuck in my head.
You're on rotation, playing over again.
TC:

And I'm feeling out of tune now,
Baby, I'm off track.
Can you loan me your melody?
'Cause I can't get mine back
(No, I can'y get it back!)
All:
There's only one girl, one girl
Who can play all the strings of my heart
Like a guitar.

And you are my world, my world
You can feel the beat of my heart.
Just like a guitar.
David:
And you've written all the verses
(With you, with you)
And you sing me like a chorus
(All the way through)
There ain't nothing like your song to me
I love the way your working all my strings
And I only let you play my.....
Guitar.
Your the only one I call my guitar, my guitar.
All:
There's only one girl, one girl
Who can play all the strings of my heart
Like a guitar.
And you are my world, my world
You can feel the beat of my heart.
Just like a guitar. X2
My guitar, my guitar-tar.
Like a guitar. (Woah-oh)
