Forever in my Heart

Rob Blaikie

You are forever
Whoa whoa yeah yeahYou are the hero I'll never be
But don't You know?
I wanna be like You?
And I'm so glad You're a part of me
I'll go with You
Wherever You want toYou claim to save me from myself
You took the blame
You love me like nobody else
So I sayNow and forever
I am with You
Wherever You lead me
I'll go too
We'll be together
I know it's true
Now I know that You are
You are forever in my heartYou are forever
You are foreverAnd when I think about all You've done
You know it's hard for me to believe it
And when I see all the love You give
I can't deny, I glady receive itYou claim to save me from myself
You took the shame
You love me like nobody else
So I sayNow and forever
I am with You
Wherever You lead me
I'll go too
We'll be together
I know it's true
Now I know that You are
You are forever in my heartYou are forever
You are forever
You are forever in my heart
You are forever
You are foreverWho can do everything that You've done?
Who can love in the way that You love?
You are forever in my heartNow and forever
I am with You
Wherever You lead me

I'll go too
We'll be together
I know it's true
Now I know that You are
You are forever in my heartNow and forever
I am with You
Wherever You lead me
I'll go too
We'll be together
I know it's true
Now I know that You are
You are forever in my heartYou are forever
You are forever
You are forever in my heart
