She Ain't La

Nick Smith

Two hour ainâ€™t going no where interstate
9:15 and sheâ€™s already running late
Cutting big deals with the big wheels
Runnin all the time
Still in her mind

She Ainâ€™t La
Or city lights
She ainâ€™t the boulevard on a Friday night
Sheâ€™s a slow dance a county road
Sheâ€™s a dandelion when the wind blows
Her heart is always a thousand miles away
She ainâ€™t La

3 years canâ€™t catch a break out in Hollywood
Sheâ€™s never been anywhere she ever felt so misunderstood
All the big plans that she had
Are fading with the times
Still in her mind
