Can You Feel Me

On The Flip Side

Can you feel me?
Can you feel me?
I don't wanna open my eyes
'Cause if I do I'll have to leave you
And I don't understand
Why my heart won't do what I tell it to
Wash over me with anythin' but your tears
Wash over me with anythin' but my fears
Come on, come on
Can you feel me tryin' to leave your arms?
Can you hear me beggin' to stay?
Can you feel me tryin' to leave your arms?
Can you beg me, beg me to stay?
I don't wanna say goodbye
'Cause if I do I may not leave you
And I don't ever wanna cry
With thoughts that I may never breathe you
Wash over me with anythin' but your tears
Wash over me with anythin' but my fears
Come on, come on
Can you feel me tryin' to leave your arms?
Can you hear me beggin' to stay?
Can you hear me?
Why don't you warm up these lips
With your fingertips?
Oh, my body just aches up the thought
Of you sayin' goodbye
Oh, when you look at me
With them gorgeous eyes
You know that I can't pretend
Is this the end, it feels so right
So can you feel me tryin' to leave your arms?
Can you hear me beggin' to stay?
Can you hear me?
Can you feel me tryin' to leave your arms? Your arms, no
Can you beg me, beg me to stay?
Can you feel me? Can you feel me?
Can you feel me? Can you feel me?
Beg me to stay, beg me to stay, oh

I don't wanna open my eyes
'Cause if I do I may not leave you
I don't wanna open my eyes
'Cause if I do I may not leave you
