Unite to Fight

Total Chaos

Government corruption
Human extinction
It keeps us oppressed
It fucks us over
This state fucking sucks
Now it's time to fight
Let's come together now
It's time to unite
Don't be a slave to them
Now it's time to fight
Unite to fight
Against the government's
Unite to fight
Smash the government
Don't let them get you down
Smash the governemnt now!
