

# Two More Bottles of Wine

[Terri Clark](#)

We came out west together with a common desire  
The fever we had might've set the west coast on fire  
Two months later got trouble in mind  
Oh my baby moved up and let me behind But it's alright coz it's midnight  
And I got two more bottles of wine The way he left sure turned my head around  
Seems like off a night he just up and put me down  
Ain't coming ready but I'm meaning today  
I've been working and I'm too tired anyway  
But it's alright coz it's midnight  
And I got two more bottles of wine I'm 1600 miles from the people I know  
I've been doin all I can but opportunities sure come slow  
Well I've been in the sun all day  
But I've been sweeping out a warehouse in west LA But it's alright coz it's midnight  
And I got two more bottles of wine I'm 1600 miles from the people I know  
I've been doin all I can but opportunities sure come slow  
Well I've been in the sun all day  
But I've been sweeping out a warehouse in west LA But it's alright coz it's midnight  
And I got two more bottles of wine  
Yes, it's alright coz it's midnight  
And I got two more bottles of wine Yes, it's alright coz it's midnight  
And I got two more bottles of wine
