Freightrain

Doubledrive

It ain't right
Feel like I just fell off a freight train
A hundred miles from nowhere
Face down on the desert floor
Right about the time
You need something to lean on
Another cactus comes along
It ain't there...Hold me up 'cause I'm fading
Withering like grapes on the vine
Hold me up 'cause I'm fading
The steeper grade, the uphill climb
Hold me up 'cause I'm fading
Hold me up 'cause I'm fallingI don't mind
But I'm even wearing the wrong damn clothes today
I lost my mind
Is this town even here, you know
I think I lost my...mind
Travel down the tracks
Wait for the train to comeHold me up 'cause I'm fading
Withering like grapes on the vine
Hold me up 'cause I'm fading
The steeper grade, the uphill climb
Hold me up 'cause I'm fading
Hold me up 'cause I'm falling
