Be Good (Lion's Song)

Gregory Porter

Be good is her name and I sing
my lion's song and brush my maneshe would if she could
so she pulled my lyon's tail and cause me pain
she said lions are made for cages
just to look at in delight
you dare not let'em walk around
'cause they might just bitedoes she know what she does
when she dances around my cage and says her namebe good be goodbe good is her name
I trim my lion's claws and I .
and I cut my mane
and I would if I could
but that woman treats me the sameshe said lions are made for cages
just to look at in delight
you dare not let'em walk around
'cause they might just bitedoes she know what she does
when she dances round my cagebe good is her name
I sing my lion's song
brush my maneand she would if she could
so she pulled my lion's tail
and cause me painshe said lions are made for cages
just to look at delight
you dare not let'em walk around
