Are You With Me?

Mark Owen

Taking a walk
Through the valley of a roadside
Taking a walk through the valley of a roadside
On a sunny afternoon
Smoking a smokeThrough the streets of poppyfield
Smoking a smoke through the streets of poppyfield
On a sunny afternoon
I'm travelling down a man made avenue
There's a stop sign this time I'm going through
Are you with meOn my journey
Are you with me in the search for the sunshine
On a sunny afternoon
Now I'm driving my car
Down the path of a hillside
Driving my car down the path of a hillside
On a sunny afternoon
Holding your hand
Down a lane made for lovers
Holding your hand down a lane made for lovers

On a sunny afternoon
I'm travelling down a man made avenue
There's a stop sign this time I'm going through
Are you with me
On my journy
Are you with me in my search for the sunshine
On a sunny afternoon
I'm travelling down a man made avenue
There's a stop sign this time I'm going through
Are you with me
On my journey
Are you with me in my search for the sunshine
On a sunny afternoon
Are you with me
On my journey
Are you with me in my search for the sunshine
On a sunny afternoon
