Love More Worry Less (R&B Mixtape Edit)

Bipolar Sunshine

Another pregnant girl underage
You know you can't show
Anyone in the same household
Oh the boy doesn't care, the story ain't new though
You got to feelSeems so many relationships that resemble of
Just for comfort and none of the above
You're scared to call it to break away
You got to feelYour future starting right in front of you
Staring at you in all full view
But only you can make the change
Is up to you to break the chains
You got to feelI know you're running, running, running
Trying to fall
But doubt is what is tearing your world apart
You got to feel
You got to feel
Call me if you need someone
To lean on, lean on
Call me if you need someone
To lean on
Call me if you need someone
To lean on, lean on
Let me be the one
You lean on
I hope you know
Call me if you need someone
To lean on, lean on
Call me if you need someone
I'll be there
To lean on
I'll be there
Call me if you need someone
I'll be there
To lean on, to lean on
I'll be there
Love more, worry less
Love more, worry less
Love more, worry less
Love more, worry less

Love more, worry less
Love more, worry less
Love more, worry less
Love more, worry less
Love more, worry less
Love more, worry less
Love more, worry less
Love more, worry less
Love more, worry less
Love more, worry less
Love more, worry less
Love more, worry less
