It's All Right

Van Morrison

If it matters how you do it
And how you do it is your thing
If it matters which way you go
That's your way to goAnd if you get it like that
That's the way you get it
'Cause you get it like that
When you want to be that way
When you wanna be that way
That's the way you wanna be, seeHey, it's all right
Hey, it's all rightNow what you try to do to me
Out there a-walking doesn't matter, baby
Ain't no question, no suggestion
Nothing in my mind that can't beShut out when I want it to be
Nothing in yours that can't be kept in
When you open it up and lose it
And nothing you can't let out
If it's got to be let out, just let it out
And don't worry which way it goesHey, it's all right
Hey, it's all rightNow how can I tell you that I love you
How can I say so many words and so many syllables
In such a short space of time as this
Just turn it on and soak it in
And let it run off the walls
And let it downKeep it and don't lose it or confuse it
It's just right there laying open
Completely open for everybody to see
You got itHey, it's all right
Hey, it's all right, hey
