What's it gonna be?

Where my party, pa- party
Party, pa- party people at?It's Nelly
(Wait a minute)
Comin straight up out the Lou
And all you New Edition rappers better cool it now'Fore I make a fool of yall
Paper stacked as tall as Yao Ming
Look at the bling, settings in rings
Lookin like basketballsStaring muh
Comin straight up out the Lou
And all you New Edition rappers better cool it now'Fore I make a fool of yall
Paper stacked as tall as Yao Ming
Look at the bling, settings in rings
Lookin like basketballsJust walked through the door
What's it gonna be?
Take it to the floor
Boys all over meWhere my party, pa- party
Party, pa- party people at?
Where my party, pa- party
Party, pa- party people at?Just walked through the door
What's it gonna be?

Take it to the floor
Girls all over meWhere my party, pa- party
Party, pa- party people at?

(Where my party people at?)Well it's, Fergie and I'm the Dutchess
Comin straight from Californ-i-a
Stuntin in my loc, locs
Dreamin bout me M.I.A.Boyfriend wonderin' where I'm at
Cause I'm in the spot, spot
Why he always tryin to be puttin
Me down on lock, lock?Well it's, Fergie and I'm the Dutchess
Comin straight from Californ-i-a
Stuntin in my loc, locs
Dreamin bout me M.I.A.Boyfriend wonderin' where I'm at
Cause I'm in the spot, spot
Why he always tryin to be puttin
Me down on lock, lock?Just walked through the door
What's it gonna be?
Take it to the floor
Boys all over meWhere my party, pa- party
Party, pa- party people at?
Where my party, pa- party
Party, pa- party people at?Just walked through the door
What's it gonna be?
Take it to the floor
Girls all over meWhere my party, pa- party
Party, pa- party people at?
Where my party, pa- party
Party, pa- party people at?Patiently waitin' and takin' my time
Watchin these haters don't come with they rhymes
Watchin these suckers are mimickin, gimmickin
Then they start fallin off one at a timeYou can go search but you never could find
I promise you dirty I'm one of a kind
Mold is broken, the formulas mine
I killed the idea and destroyed the designI was patiently waitin' and takin' my time
Now that I'm here I'm gettin my shine
All of you haters can kiss a behind
Specifically speakin I'm talkin 'bout mineDon't need you to tell me, I know that I'm fine
I'm killin it baby so call it a crime

Yea you watch it, I'm stealin my time
I told you before that big girls don't cryJust walked through the door
What's it gonna be?
Take it to the floor
Boys all over meWhere my party, pa- party
Party, pa- party people at?
Where my party, pa- party
Party, pa- party people at?Just walked through the door
What's it gonna be?
Take it to the floor
Girls all over meWhere my party, pa- party
Party, pa- party people at?
Where my party, pa- party
Party, pa- party people at?Where my party people at?
(Where my party people at?)
Where my party people at?
(Where my party people at?)Where my party people at?
(Where my party people at?)
Where my party people at?
(Where my party people at?)Where my party people at?
(Where my party people at?)
Where my party people at?
(Where my party people at?)Where my party people at?
(Where my party people at?)
