Everything New

Natalie

You go do whatever you gotta do (whatever you gotta do)
I'ma do me and prove (I'ma do me and prove)
That everything is new
You go do whatever you wanna do (whatever you wanna do)
I'ma stay true and prove (I'ma stay true and prove)
That everything is newYeah, back in the days when I thought music wouldn't be a part of me
It called to me, it dawned to me
The heart of me was telling me to sing with harmonies
Now let me tell you what it'd be like
Easier said than behind the mic
Many times I had to get right
Countless days, sleepless nights
Now I kinda wanna break away, get away to the money made
And maybe come back another day with a whole new focus man
'Cause been through it, proved it in time
At the time, I was testin' glory
Did with what I had to do with this
There's no question that I'm livin' for itYou go do whatever you gotta do (whatever you gotta do)
I'ma do me and prove (I'ma do me and prove)
That everything is new
You go do whatever you wanna do (whatever you wanna do)
I'ma stay true and prove (I'ma stay true and prove)
That everything is newBig change, big things
Now everywhere I go they know my name
So strange, the other day
I was thinkin' maybe givin' up on some things
Not a quitter, but a single rider, dancer slash undercover spitter
Now I got a few rides, dating new guys, and my house much bigger
All I gotta do is stay on track, never lookin' back on all of that
Not gonna hold me back to where I used to be at
Now with white on wax, they wanna see me back
Hum, that ain't the girl that used to dance at the night's games
What it is is how it is
For any booking season, contact meYou go do whatever you gotta do (whatever you gotta do)
I'ma do me and prove (I'ma do me and prove)
That everything is new
You go do whatever you wanna do (whatever you wanna do)
I'ma stay true and prove (I'ma stay true and prove)
That everything is newNew house, new car

New look, new star
New heat, new crowd
New team, new dreams, new
It's everything new
Everything is newNew house, new car
New look, new star
New heat, new crowd
New team, new dreams, new
It's everything new
Everything is newEverything is newEverything is new
