

# Run (Acapella) [feat. Pigeon John]

## The Grouch & Eligh

[Verse 1: The Grouch] Good work is never finished

In this life we never get a day off

There's a reason why they sent us

So I'm not gon' lay low

Pushin' 808's, woofin' til the days gone

Fucking DJ play my song

Been doing this way long

Already bruh, stay strong

Walk slow, fade 'em all

We ain't gonna chase your dreams

Not my thing, ace in hole

Be yourself, you say so?

Greed and wealth though

We done felt straight broke

Hella rich, they don't know

That's a trip there he go

Little fellas feel the flow

Little mamas in pajamas

What the time is? Seiko

Psycho like no other

Make your lover laugh

Ha, ha, ha, ha, hee, hee, hee, hee

Not too hard what's up with that [Hook: Pigeon John] Every where I run I aim where I'd begun

From the moon 'til morning sun we're gonna keep rolling until it's done

When the sun rises, when the sun rises, when the sun rises

Were going to do it again, we're going to do it again [Verse 2: Eligh] My poetry flows from the bottom in the lake

We took em to the shoreline and caught em in the break

Music is my religion, its never been a mistake

Even if you don't make it, you can listen in the same

The ears of the earth are the ones that I chase

Innovative and never scared looking for your face

Dangling a carrot at the end of a string running

Not gunning for money even though money is needed

I'm gunning for cunning listeners to get the seed when I plant it

I'm trying to be demanded all the way around the planet

You can say I'm independent but I need my fans

G&E fans are the best and advanced, in the ear drum to fear nothing

Hear nothing wack

Open to the ways of the universe and back

To the simple conversations on the couch with dad  
Withstanding bullshit thrown our way  
Will only give us stronger legs  
To ground to the earth like tree-trunks  
Peg that map, traveling Matt  
Unraveling mysteries in the back of a wagon intact like that  
Space craft on the dock, blast off quick, its the way of the walk  
Its the way of the world, and the way that we talk[Hook][Bridge][Pigeon John and The Grouch]I'm always  
beginning right at the ending[Pigeon John]Well it's alright we going to run it tonight and let go[Pigeon John and  
The Grouch]I'm always beginning right at the ending[Pigeon John]Well it's okay we got a brand-new day to let  
go (x2)[Hook] x2
