When She Believes

Ben Harper

Well the good Lord
Is such a good Lord
With such a good mother too
They have blessed me
They have blessed me
In the good graces of you
Now I, I have heard
A hundred violins crying
And I, I have seen
A hundred white doves flying
But nothing is as beautiful
As when she believes
When she believes
When she believes
When she believes
When she believes in me
Woah, in me
Ahh haa
How good it must feel
To be so young
Young and free
And a song that pleases a queen
Will always please me
Now I, I have learnt
The wisest of wisdom
And I, I have dined
In palaces and kingdoms

But nothing is as beautiful
As when she believes
When she believes
When she believes
When she believes
When she believes
When she believes in
Oh in me, yea
Ahh ha, woah, no no no no
Now all, all of life

Is just passing the time
Until once again
Your eyes look into mine
An' now I, I have been
Adored by a stranger
And I, I have heard
The whispering angel
But nothin' is as beautiful
As when she believes
When she believes
When she believes
When she believes
When she believes in me
Yea hey hey hey
Oh no no no no no
No no no no
