First Light

Joshua Hyslop

Am I not what You want?
So who should I be,
If I'm not what You want?

Is there more inside?
Or does what meet the eye,
say it all?

Who should I be?
Who should I be?
Who should I be?
Woah, Woah

The first light will dawn
I'll say goodbye
It's not right, it's not wrong

So what should I
have known all along
Nothing matters, I've tried

Who should I be?
Who should I be?
Who should I be?
Woah, Woah

The first light will dawn
I'll say goodbye
It's not right, it's not wrong

And so then should I
have known all along?
And if it matters, I try
If it matters, I try
