Radio

Big & Rich

On the road makin' noise
Rockin' hard for all the girls and boys
We got the grooves, we got the songs
Our kind of music makes you sing along, wellJump on up in your chair
Everybody, throw your hands in the air
You're gonna scream until it hurts
You know you're gonna get your dollar's worth, wellCrank it up tonight
When you hear us on your radio, woah, woah
We'll take you for a ride anywhere
That you wanna go, woah, woahGlad you all could make it out to the big show
1, 2, 3, 4, hey hey, here we goBig city or a hick town
Sooner or later we'll be comin' around
We like to party with a rowdy crowd
We like our fiddles and our guitars loudSo crank it up tonight
When you hear us on your radio, woah, woah
We'll take you for a ride anywhere
That you wanna go, woah, woahGlad you all could make it out to the big show
1, 2, 3, 4, hey hey, here we goHey, heySo crank it up tonight
When you hear us on your radio, woah, woah
We'll take you for a ride anywhere
That you wanna go, woah, woah
Glad you all could make it out to the big showCrank it up tonight
When you hear us on your radio, woah, woah
We'll take you for a ride anywhere
That you wanna go, woah, woahGlad you all could make it to the Big & Rich show
1, 2, 3, 4, hey hey, here we goCrank it up tonight
When you hear us on your radio
