Wolf In Cheap Clothes

Kovacs

Early blend on silver town
Mascarade them as the chosen one
But boy you're a liar, just a thief
Drift away all that's good in meDon't waste your breathe
'Cause there's nobody left
Who believes in who you areSay what you want I know just where you're coming from Born to deceive
But baby you ain't fooling me
With your shiny shirts and funny lies
You're running out of time
Now that everybody knows
You're just a wolf in cheap clothesWhisper sweet nothings in my ear
Take advantage and then disappear
We're some little lambs, so naive
Let you in while the shepherd sleepsIt's time to confess
And I know you're the best
And I'm wounding out of wordsSay what you want I know just where you're coming from Born out of lies
I've opened up my eyes
With your shiny shirts and funny lies
You're running out of time
Now that everybody knows
You're just a wolf in cheap clothesYou're just a wolfI've got a hunger to feed
Creeping up on every girl that you meetSay what you want
I know just where you're coming from
Born to deceive
But baby you ain't fooling me
With your cigarettes and funny lies
You're running out of time
Now that everybody knows
You're just a wolf
Now that everybody knows
You're just a wolf in cheap clothes
