

All I Want All I Need

Whitesnake

Wherever you go
I'll be there
I'll be waiting to care for you
Whatever you want
I'll try to give
No matter what I have to do Through thick and thin
I'll be your friend
By your side 'till the very end
You're all I want, all I need
So baby flow like a river to me 'Cause you're all I ever wanted
So come on and bring it to me [Chorus]
You're all I want, all I need
And is more that I could ask for
You're all I want, all I need
So much more that I could ask for I remember the days
When we were young
I held your hand like a precious stone
It's still the same
Nothing is changed, baby
I'll never ever leave you alone When I look in your eyes
I realize
All the love that I'm feeling is true
And everything that we've been through, baby
It's worth than just to being with you 'Cause you're all I ever wanted
So come on and bring it to me [Chorus] You're on my mind
All the time
I'm living on love Your on my mind all the time
I'm living on love [Chorus: Repeats Til Fade]
