This Machine

TANDEM

A shadow of myself, just who am I Scan horizons
A tragic mystery
You could have left me here, sealed inside the pod
No one would ever know- The chaos control
My true identity
The power that is meWe all danced in fire
Trapped in this machine
Don't know how long we've waited
As the Eggman's watching
We all danced in fire
Looking throug the screen
Don't know how long we've waited
As the eggman's watchesWith Rouge in the fight-electric lives
Change surroundings
A jewel in history
A treasure disappears-as she goes
Miss her as you look away-and no one knows
This power is the key
This power changes meWe all danced in fire
Trapped in this machine
Don't know how long we've waited
As the Eggman's watching
We all danced in fire
Looking through the screen
Don't know how long we've waited
As the Eggman's watches(Chaos Control)
Chao
Chao
Chao
Chao
(Chaos Control)(Chaos Control)
Chao
Chao
Chao
Chao
(Chaos Control)E-one-two-three
You didn't know, now am gonna show you. The power that is meYou try to take me down, stop the show.
Seems you've never tasted fear or loss of control.
The power lives in me

The power that is meWe all danced in fire
Trapped in this machine
Don't know how long we've waited
As the Eggman's Watching
We all danced in fire
Looking through the screen
Don't know how long we've waited
As the Eggman's watches.
