Gino's Kryptonite

So Does Your Mother

GINOâ€™S KRYPTONITE

Gino is a Lycanthrope
That dance on a garbage can
In the morning he sleeps like a dog
In the night he dances like a man

Under a Tiberâ€™s bridge
He practices in the dark
But his rival is there to tease him
And Gino falls every laugh

The Sharp Cat
Is Ginoâ€™s Kryptonite
You can see them
Dancing in the night

The Sharp Cat envies Gino
For his skills and agilty
He reminds him of when he was younger
When he could dance with ability

Gino hates the Sharp Cat
He distracts him every night
Cause the Cat starts to laugh at
Every dance step he tries

The Sharp Cat
Is Ginoâ€™s Kryptonite
How he can
Stop falling till daylight

Go away
Gino says
To the Stupid Cat

I will stay
The Cat Says

To our poor friend

Solo flauto

The Sharp Cat
Is Ginoâ€™s Kryptonite
You can see them
Dancing in the night

Gino continues to dance and the
Sharp Cat continues to Laugh

Gino continues to fall and the
Night is going to end
