Miss Emma

Mauro Fieschi

Hot red from your hair
Fish caught as a bait
Spit is shiny and pink
Like a drug I need from itOh, ah. Oh, ooh (tell me)
Oh, ah. Oh, oohI breathe you in to survive
Few kisses over here
Impossible joy to describe
You're my jewel, you're my tearsAs if you were morphine
Gimme another injection
Like forty-eight cups of coffee
You are my resurrectionLook how my smile lives
When you moan, when you moan for me
My eyes make a 360
When your taste buds walk over my legsOh, ah. Oh, ooh (tell me)
Oh, ah. Oh, oohI breathe you in to survive
Few kisses over here
Impossible joy to describe
You're my jewel, you're my tearsAs if you were morphine
Gimme another injection
Like forty-eight cups of coffee
You are my resurrection
