Living Proof

Buddy Guy

I had no money, I had no clothes
I had no shelter from the bitter cold
When you're too weak to walk, He'll carry you through
I'm living proofWhen you're down to your last dime
You ain't got no hope or peace of mind
Just say a prayer, He'll listen to you
I'm living proofI'm living proof that bares a way
I'm living proof, kneel down and pray
I seen His glory, I know the truth
I'm living proof, I'm living, I'm living proofYou know I'm not tough, can't do my own
Say you're going down all alone
Well, I'm still here, [Incomprehensible] and gone
Living proofLife ain't easy, it's a long, hard test
You're gonna make mistakes, just do your best
with the Lord helpin' you, you make it through
Hell, I'm living proof
I'm living, I'm living, I'm living proofI'm living proof that bares a way
I'm living proof, kneel down and pray
I seen His glory, I know it's true
I'm living proof
I'm living, I'm living, I'm living proofThere's a lot the Lord can do
Hey, look at me, I'm living proofI'm living proof
Yeah, I'm living proof
Yeah, I'm living proof
Yeah, I'm living proofI'm living proof
I'm living proof
I'm living proof
