Follow Your Heart

Antibubbles

I am a dreamer
And I'm a lover
I've been let down
I've loved and lost
I've been alone
I've been far from home

[Chorus]
Follow your heart
Follow your heart
Follow your heart and you won't get lost

I been a poor man
I been a rich man
I made a fortune
And I've paid the cost
I've had some good friends
They come and go

[Chorus]

I've been cheated
I've been defeated
I played the game and I've been
Double crossed
Every friend of mine
Has been in hard times

[Chorus]
