Vertigo

Billie Myers

Pain myself into your corner
A thousand miles from here and now
No reflections to hold me down
Let's look around, do I belong?Space electric blue is calling
A northern star on my credit line
Running short of it here on borrow time
You blow my mind, out of controlI feel my ship is sinking yeah I'm giving in
Afraid to fly afraid to fall in love
On a kaleidoscope of roller coasters
Won't look down 'cause fear I've found
Takes me to an all-time low
On a mountain of, I don't know
You give me vertigoSleeping satellites are waking
Turning cycles in my head
Information highway leave me ashtray, it's okay
But I don't wanna know where I'm going 'til I get thereI feel my ship is sinking yeah I'm giving in
Afraid to fly afraid to fall in love
On a kaleidoscope of roller coasters
I won't look down 'cause fear I've found
Takes me to an all-time low
You give me vertigo[Incomprehensible] match stick people
Saw it's ground as earthquake [Incomprehensible]
I've crash landing on the cloud balloon
So let's leave this plane
Sky dive away, sky dive awayI feel my ship is sinking yeah I'm giving in
Afraid to fly afraid to fall in love
On a kaleidoscope of roller coasters
I won't look down 'cause fear I've found
Takes me to an all-time low
On a mountain of, I don't knowDon't let go, oh no
It's vertigo, oh oh no
Don't let me go, oh no no
Take me, take me, take me
I'm yours
