Full Time Lover

Keith Sweat

Full time lover, lover, lover
Today gonna be a good day
I'm on my way to see my baby
Stayed up all night on the phone again
Talkin' what we gon' do when we're alone again
Ooh, I can't wait to see her, I'm so glad I met her
At the after-party, said my buddy, "Go and get her"
That's something I don't usually do
But she was the finest woman I saw in the room
(I said, "Hey, there, girl")
Do you have a man, I don't understand
(Why you dancin' all alone?)
Let me be the thought you want to know
(Full time lover, lover, lover)
Like we on a drive, girl, I don't wanna stop, girl
(Full time lover, lover, lover)
Take you 'round the world, girl, bottom to the top, girl
(Full time lover, lover, lover)
Let me give you all my lovin', baby, you're the one
(Full time lover, lover, lover)
Girl, for real, I'm gonna be your full time lover
Tonight I'm gonna give you all of my love, yeah
And make you scream
(Oh, oh, oh, oh)
Girl, you got a man to make you feel good, yeah
(Won't be no part time, you got a full time lover)
Girl, you're so bad, the love is fresh tonight
(Put me on a schedule, girl, let's take it to the level)
I love being your full time lover

(Full time lover, lover, lover)
Like we on a drive, girl, I don't wanna stop, girl
(Full time lover, lover, lover)
Take you 'round the world, girl, bottom to the top, girl
(Full time lover, lover, lover)
Let me give you all my lovin', baby, you're the one
(Full time lover, lover, lover)
Girl, for real, I'm wanna be your full time lover
Lover

Lover
Lover
(Full time lover, lover, lover)
Like we on a drive, girl, I don't wanna stop, girl
(Full time lover, lover, lover)
Take you 'round the world, girl, bottom to the top, girl
(Full time lover, lover, lover)
Let me give you all my lovin', baby, you're the one
(Full time lover, lover, lover)
Girl, for real, I wanna be your full time lover
(Full time lover, lover, lover)
Like we on a drive, girl, I don't wanna stop, girl
(Full time lover, lover, lover)
Take you 'round the world, girl, bottom to the top, girl, yeah
(Full time lover, lover, lover)
Let me give you all my lovin', baby, you're the one
(Full time lover, lover, lover)
Girl, for real, I wanna be your full time lover
