Morphadron

If yuh waan a man a bun alot a trees
Not afraid to mek yuh see it a yuh knees
Yuh waan a man to mek yuh hung like a bees

Dr. Know is my name, things ain't the same
Now she screams and shouts
Comin' again and again
I am that man that she talks about
When she hangs with her friends
It's not the Benz why she's freakin' out
It's what she thought of my ends
