Roundabout

Paul Gilbert

I'll be the round about
The words will make you out 'n' out
I'll spend the day your way
Call it morning driving thru the sound and
In and out the valleyThe muses dance and sing
They make the children really ring
I'll spend the day your way
Call it morning driving thru the sound and
In and out the valley
In and around the lake
Mountains come out of the sky
And they Stand there
One mile over we'll be there and we'll see you
Ten true summers we'll be there and
Laughing too
Twenty four before my love you'll see I'll be
There with youI will remember you
Your silhouette will charge the view
Of distance atmosphere
Call it morning driving thru the sound and
Even in the valley
In and around the lake
Mountains come out of the sky
And they stand there
One mile over we'll be there and we'll see you
Ten true summers we'll be there and
Laughing too ooo oo oo
Twenty four before my love you'll see I'll be
There with youAlong the drifting cloud the eagle searching
Down on the land
Catching the swirling wind the sailor sees
The rim of the land
The eagle's dancing wings create as weather
Spins out of handGo closer hold the land feel partly no more
Than grains of sand
We stand to lose all time a thousand answers
By in our hand
Next to your deeper fears we stand
Surrounded by million yearsI'll be the roundabout

The words will make you out 'n' out
I'll be the roundabout
The words will make you out 'n' outIn and around the lake
Mountains come out of the sky they
Stand there
Twenty four before my love and I'll be
ThereI'll be the roundabout
The words will make you out 'n' out
We spend the day your way
Call it morning driving thru the sound and
In and out the valley ehIn and around the lake
Mountains come out of the sky and they
Stand there
One mile over we'll be there and we'll see You
Ten true summers we'll be there and
Laughing too ooo
Twenty four before my love you'll see I'll be
There with you
