Excited

Little Birdy

I'm excited to be with youLatches off the lie
I'm running from
In my life
Love you wanna change
Take it so you're all alone for
A long timeIt's love you had the love you had
a long long time
I can't figure out why
You don't need mineI'm excited to be with youLove you wanna change
Take it so you're all alone now
I can't survice you anymore
My hand is getting very cold
You're mine now you're mineI'm excited to be with youOoh i know i know it's only what you wanna ask
