Dumb Fun

Juliana Hatfield

Power score, kick the dirt
Sick of being good, twice removed
Love can kill, crack up in the sun
On again, off againI am on my side, idiot philosophy
That is really dumb
This records over finally
Much too good for meGuitar murder, be a hero
Jump in front of a gun
Get the ice, bad appetite
Love to have the bluesYour true love is fuckin around
And oh, we did have, oh, we had such fun
How do I get a foot in your door?
How do you turn this on?Had a heart by accident
Did you have it all along?
Slave to the single
Chief executive officer of the song
Hate your job, love your stuff
If you think thats living you are wrong
