

# Nymphomaniac

## Xuman

### VERSE 1

There were changes in your blood  
You could know it from the start

Uuuu

Plenty hair of the dog  
You could find it in the fog

Uuuu

There were changes in your blood  
To keep you warm

There were changes in your blood  
To guide you home

### PRE-CHORUS

Donâ€™t keep it in yourself  
Donâ€™t feel so shy  
Donâ€™t miss the only toy  
You never tried  
You turn mesmerizing  
Youâ€™re so denying  
Nymphomaniac grows in you

### CHORUS

To hide in  
Better where youâ€™ve been to  
Letters of your secrets  
Drowning in the water  
Nearby

### VERSE 2

Shadows hanging all around  
Falling gently on your gown

Uuuu

Pinions move all alone  
They donâ€™t care of what you own

Uuuu

I could state that in your heart  
You feel so cold

I could state that in your heart  
Youâ€™re running fold
