Close

Arsis

Baby, it's been a while 'cuz I don't sleep around
I'm choosy 'bout who I give my love to
Don't wanna disappoint ya
'Cause I been sayin' how much I want you
Feels first one like I'm real sure, oh, I
I'm so close
(I'm so close and I)
I can feel it
(Feel it, oh)
I'm so close
(I'm so close)
I can feel it
(I can feel it, um)
Started on the telephone, promisin' all night long
Didn't know what I was gettin' myself into
Up and down, back and forth
Slow down and give me more
Tryin' to fight it but I don't think it's right to
I'm so close
(Oh yeah)
I can feel it
(Said I can feel it, baby, oh)
I'm so close
(Oh, no)
I can feel it
(I can feel it, I can feel it, baby
Oh, let me hold you)
Body's touchin' then we kissin'
Holdin' tight, sweat dripping
I can feel you all over me
Heart racing, you're running
I'm coming, can't fight it
I'm so close, I can feel it
(I can fight it, no)
I'm so close, I can feel it
(I'm so close, baby, I don't want oh)
I'm close, I'm close, I'm close
I'm close, I'm close, I'm close
I'm close, I'm close, I'm close

I'm close, I'm close, I'm close
