Light up My Room

Kopek

Stay, stay till the morning comes
Stay with me, stay till the morning comes, my love

'Cause I've been waiting for you
Holding on for something to
Waiting for someone to do it like you do

So come on love, come on light up my room
You got to keep on rolling
Fog in the darkness will not know

'Cause I've been waiting for you
Holding on for something to
Waiting for someone to do it like you do

And I just cannot look away, I'm staring
Because there's nothing left to say, I'm mumbling
I feel like things are going to change, my darling
But there is something in the way
It's smile was stumbling, stumbling down

So come on in, come on and feel my cold
You got to keep on pouring till I say I've had enough

'Cause I've been waiting for you
Holding on for something to
Waiting for someone to do it like you do

And I just cannot look away, I'm staring
Because there's nothing left to say, I'm mumbling
I feel like things are going to change, my darling
But there is something in the way
It's smile was stumbling, stumbling down
