This Old Man

Pete Seeger

This old man, he played one,
He cut back in Washington,
With a knick Knack paddy whack,
Give the dog a bone,
This old man should go back home.This old man, he played two,
He is doing it to me and youThis old man, he played three,
No more kids' school lunches freeThis old man, he played four,
Now we're in El SalvadorThis old man, he played five,
ERA did not surviveThis old man, he played six,
He was better in the flicksThis old man, he played seven,
Now big business is in heavenThis old man, he played eight,
He helped Nancy decorateThis old man, he played nine,
B-1 bombers all in lineThis old man, he played ten,
Let's go back and vote again
