Cosmic Horn

Brite Futures

She like the way I comb my hair
I like the way I do it too
She's on her grind gettin' money
Nocturnal house at the zooBlack light fantasy
I'm like a lover from a prison scene
Sneak a pic of you
To find out what they say is trueShe's got the cosmic horn
(I'm here for you)
'Cause that's the way she was born
She's like a love black hole
(I'm here for you)
I'm losing all controlShe's got the cosmic horn
Ooh ah ooh la laShe's got the cosmic horn
Ooh ah ooh la laOoh, she's like a lady of the 80's
Ooh, big hair and shoulder tails
Ooh, she's tried a lot of puzzle pieces
I'm gonna be that final pieceBlack light fantasy
She's like a lover from a movie screen
Sneak up close to you
To find out what they say is trueShe's got the cosmic horn
(I'm here for you)
'Cause that's the way she was born
She's like a love black hole
(I'm here for you)
I'm losing all controlShe's got the cosmic horn
Ooh ah ooh la laShe's got the cosmic horn
Ooh ah ooh la laShe's got the cosmic horn
(I'm here for you)
'Cause that's the way she was born
She's like a love black hole
(I'm here for you)
I'm losing all controlShe's got the cosmic horn
Ooh ah ooh la laShe's got the cosmic horn
Ooh ah ooh la laShe's got the cosmic horn
Ooh ah ooh la laShe's got the cosmic horn
Ooh ah ooh la la
