Haze

Fingathing

Walking alone inside my world
Thinking I'm doing the right thing
Destroying all that appears before me
It was all done...in vain
Wanna get through violence
Wanna get through pain
Wanna get with violence
Wanna get with shame
Digging this place to call my own
Raping my body without a face
Tortured my soul is black as pitch
And I have no life to waste
Wanna get through violence
Wanna get through pain

Wanna get with violence
Wanna get with shame
I wish you'd do
Do anything
So lost and helpless
I played your game
I wish you'd do
Do anything
So lost and helpless
I played your game
Wanna get through violence
Wanna get through pain
Wanna get with violence
Wanna get with shame
