Wore Out My Soul

Casey Abrams

When I saw you in that window
I should have kept walking by
Heart slows down my paces
Temptress lures me insideTemperature is rising, mhm

Gotta take off my tie

Felt your tongue with the

As I slipped it all in

A shoveling up so high,

Without your love around

My feet drag on the ground

I just wanna take you on

But as time keeps moving on

Your shine is clearly gone

This just aint going nowhereI thought you were the one,

I didnt mean it, oh,

I tried those new shoes on

You should have seen it

Oh, your experience is wrong

But your comfort is not enough

You know baby you really wore out my soul

Wore out my soulWhen I walked with you, it used to feel so sweet

People would see us together, I was complete

Mama used to say Ill go out of you one day

I thought Ill be with you till we were old and grey

Without your love around, I thought Id feel so down

I thought Id be crying all the time

But as time kept moving on,

You surely clearly gone

I knew that Id walk out all over you, whoa! I thought you were the one,

I didnt mean it, oh,

I tried those new shoes on

You should have seen it

Oh, your exterior is rough

But your comfort is not enough

You know baby you really wore out my soul

Wore out my soull thought you were the one,

I didnt mean it, uh, uh

I tried those new shoes on

You should have seen it

Oh, your exterior is rough
But your comfort is not enough
You know baby you really wore out my soul
Wore out my soulOh, I thought you were the one,
I thought you were the one,
I tried those new shoes on
You should have seen it
Oh, your exterior is rough
But your comfort is not enough
You know baby you really wore out my soul.
