Reason Why

One Way System

The questions asked
But we ain't go no answers
Pictures taken
But still no chances
In this world
Of hesitation
You still build walls
To split two nationsHold your head in your hand
We've got to try to understand
Reason why, reason why
The reason why, reason whySewer rats steal
But they've got no riches
There's pictures taken
By sleazy bitches
In this world of complication
Sex and drugs
What a combination
