DarÃ-a

La Quinta EstaciÃ³n

When you tried to kiss me I only bit your tongue
When you tried to get me together I only came undone
When you tried to tell me the one for me was you
I was in your mattress back in 1982
Daria, I won't be soothed
Daria yeah, I won't be soothed over
Like smoothed over, like milk, silk, a bedspread or a quilt
Icing on a cake or a serene translucent lake
Daria, Daria yeah, Daria
I won't be soothed
I won't be soothed
Oh when you tried to tell me of all the loves you had
I was cleaning oil from beaches seeing only what was bad
Oh when you tried to feed me, I only shut my mouth
Food got on your apron and you told me to get out
Daria, I won't be soothed
Daria yeah, I won't be soothed over
Like smoothed over, like milk, silk, a bedspread or a quilt
Icing on a cake or a serene translucent lake
Daria, Daria, Daria
Daria yeah, Daria yeah, Daria yeah
Daria, I won't be soothed
I won't be soothed
