Find What You Get

Bang Gang

You can tell me
All the trouble's gone
Before you reach the skyYou can tell me
All the trouble's gone
Before you reach the skyFind what you get there
Find what you get thereYou can tell me
All the trouble's gone
Before you reach the skyFind what you get there
Find what you get thereYou can tell me
All the trouble's gone
Before you reach the skyFind what you get there
Find what you get there
Find what you get there
Find what you get there
