The War (Alternate Version)

Melee

It's so soft to the see the glow from the city up ahead
Connect my heart to the rhythm, it's lead
Straight forward and ready 'cause I'm on my way homeIt's so good to be alive in such a hazardous world
To be alive and see the victory unfurled
I'm anxious and waiting 'cause I'm on my way homeYeah, your war is won, oh, my friend, you're finally done
On that day you'll find ambitions, don't lie here anymore
The one you love has gone and settled the score
What more could you ask for nowIt's so good to be alive in such a wonderful year
To be alive and see the end of your fear
With peace in your ear 'cause you're on your way homeAnd all this time we walk the line through pain and giving in to you
But now it's gone so we'll move on and know that this is not the end
On that simple night when we've all lost our sightYou believed in what I said
From those cursed beginnings to those blessed ends
In between we've found our way to live
