Magic Mirror (Washes Whiter Than Album Version)

Petra

Magic mirror don't let me walk away
Without seeing who I am
Magic mirror don't let me see who I am
And only walk awayI must have walked by you a thousand times before
I never noticed you were hangin on my door
But then you caught my eye and let me see myself
My legs were running with my shoes nailed to the shelfWhen I saw you hangin there, I had to stop and stare
'Cause every time I see a little more of meMagic mirror don't let me walk away
Without seeing who I am
Magic mirror don't let me see who I am
And only walk awaySometimes I don't know who's been looking back at me
If I'd look closer I know I would always see
Won't you reflect your light on me and I'll reflect on you
Let me really see just how I look to youMagic mirror don't let me walk away
Without seeing who I am
Magic mirror don't let me see who I am
And only walk awayWhen I act too tall, you bring me down to size
And when I feel too small you show me all the lies
I try to tell myself
How can I thank you for all you've done for me?And now I'm watchin and I see me grow in you
I know that I've got so much growin left to do
Please keep me in your light from mornin until night
Until I finally come into the image of the sunMagic mirror don't let me walk away
Without seeing who I am
Magic mirror don't let me see who I am
And only walk away
And only walk away
