Rainclouds

Beckett

I sit and wonder why
Rain clouds fill the sky
She is in my mind
I just canâ€™t understand
I just wring my hands
Thinking of her now
But sheâ€™s so far away
I just hope and pray
Iâ€™ll see her face someday
And if I go, Iâ€™ll go tomorrow
Take the sadness from my eyes
Unveil the cloudy skies
And let the sun shine bright
Into our troubled world
With all its hate un-twirled
Love is the only way
Into a better life
Free from toil and strife
As all our lives unfold
And look towards a new tomorrow
But if I go Iâ€™ll go tomorrow
And if I go Iâ€™ll go tomorrow
So I sit and wonder why
Rain clouds fill the sky
She is in my mind
I just canâ€™t understand
I just wring my hands
Thinking of her now
But sheâ€™s so far away
I just hope and pray
Iâ€™ll see her face someday, yeah
And if I go Iâ€™ll go tomorrow, oh oh
And if I go Iâ€™ll go tomorrow
And look towards a new tomorrow
And if I go Iâ€™ll go tomorrow
And if I go Iâ€™ll go tomorrow
