The Last Thing We'll Ever Do

The Daylights

Where do I go when Im walkin out the door,
And what do I say when its all been said before,
But how do I lie to myself when you know its true,
We both love like its the last thing well ever do.Oh Oh whoa oh
Like its the last thing well ever
Oh Oh whoa ohHow can I smile when youre the only one that made me laugh,
Yeah youre the only girl who made me feel quiet like that
Cause sooner or later Im bound to hear our song
Oh man how can somethin so right be so wrong.Oh whoa Oh whoa oh oh
Like its the last thing well ever do.
Oh whoa Oh whoa oh ohOooh Whoa
OooohLike its the last thing well ever do.Oooh Whoa
OooohYeah yeah yeahOh. Oh whoa oh
Yeah its the last thing well ever do.
Oh Oh whoa ohI wanna hold your hand when you get all shy,
Cause you act so tough but I know when youre about to cry,
But how can we lie to ourselves when we know its true,
We both love like its the last thing well ever do.
