Stand By

Sophie Zelmani

It's because to my faith
In how it should be
I never consider
And that's why I let you drive me, drive me crazyIt's not a question
Or try, oh, ones fortune
What it's all about
Is to fight to make it live, to make it live and surviveSo stand by
Stand by
Stand by
Stand byAnd I won't be scared
Of the hard times that will come
Get to a level
When we get through and then we just go on and onSo stand by
Stand by
Stand by
Stand byStand by
Stand by
Stand by
