This Feeling

The Kicks

So young and so wild, girl
Our love was just a game
But I was afraid that
One day you'd walk away
I've been low and I've down
When you're not aroundWell, it's you that I am looking for
You're all I ever want and more
It's true that now I've got this feelingRemember the time when
I showed up at your door
Wearing my clothes from
The show the night before
Been too long since I've seen you
When you're not around I'm feeling so blue
Let me tell you one thing before you go,
Let me tell ya'ChorusI've been low and I've been down
When you're not aroundIt's you, you're all I'm looking for
You're all I ever want and more
It's true that now I've got this feelingIf a man has the right to give
His lady something sensitive
It's true that now I've got this feelingNow I've got this feeling
Now I've got this feeling
