Eraser

Mindfield

Eraser, eraser, eraser
I draw it with a pencil because it's just a stencil
And if I do retry it, well then I can't deny it
I'm gonna need my little eraser
Eraser, eraser, eraser
Eraser, eraser, eraser
Eraser
I might have to redo it, I might have to work through it
But I try not to chew it 'cause I just shouldn't do it
'Cause I might need my little eraser
If I wrote you a letter but I made an error
I could fix it and make it better
If I make an error I can always make it better with my eraser
Eraser, eraser, eraser
Eraser, eraser, eraser
Eraser, eraser, eraser
Eraser, eraser, eraser
Erasure, erasure, erasure, erasure
Erasure, erasure, erasure, erasure
